***The following items will be banned for Sale, Supply or Distribution:**

From 1st November 2022

Rigid bioplastic items are included in the ban

- Plastic straws
- Plastic stirrers
- Foam clams
- Foam cups
- Cotton buds
- Plastic cutlery
- Foam bowls
- Foam plates
- Microbeads

Once the ban is in place these items will need to be replaced with suitable alternatives, that's where **GREENMARK** fits.

Plastic is the third most commonly used petroleum derivative in the world; each year 200 million tons of plastic are consumed on the planet. It comes from a non-renewable source (petroleum), it is contaminating and non-biodegradable (it can take more than 1000 years to decompose).
